

<p>Awarded \$104,746 One-time</p>	<p>This grant opportunity improves and expands services to currently and formerly incarcerated students. This project is a collaboration between the Director of Continuing Education and the Director of Special Programs.</p>
<p>Awarded \$24,771 One-time</p>	<p>to encourage and prepare STEM majors and professionals to become K-12 mathematics and science teachers. In partnership with UCSC, the lead, Hartnell will build a strong pathway to UCSC for students interested in K-12 teaching in STEM. It will highlight viable career goals in teaching to students via recruitment events, informational sessions, brown bag lunches and high-school classroom visits. Hartnell is also pursuing the Noyce Capacity Building grant, with CSUMB as the lead. This one-year grant will support a year of joint faculty strategic planning to prepare the institutions to submit a follow-on proposal.</p>
<p>Awarded \$119,529 One-time</p>	<p>to increase publicly available or after-school broadband access and digital inclusion. Hartnell proposed two digital literacy projects, one in King City and one in Castroville, in partnership with CHISPA. The objective is to reach communities with low broadband access, including low-income communities, with trainings in basic computer, internet and software skills.</p>
<p>Awarded \$1,500,000 For 5 years</p>	<p>to increase retention and graduation rates of undergraduate students pursuing AA/BA degrees in STEM fields. The project focuses on providing flexible, short-term applied learning/research opportunities to students that might not otherwise be able to pursue full-time internships, in order to better prepare them for future education and careers in the field. The project will train faculty via workshops and partner with a research non-profit to study the impact of these activities.</p>
<p>Awarded \$1,000,000 One-time</p>	<p>via Assemblymember Anna Caballero - to provide a skilled workforce for employers in Monterey County and provide resources to support innovation and student learning in Agriculture Technology and Healthcare. Funds for this project will support acquiring the instructional equipment necessary to prepare students for the current agricultural and</p>

Awarded

Submitted \$50,000	the Leadership Institute, which provides life-skills training to all first-time, full-time students.
Awarded \$60,000 over 3 years	Renewal grant to support WELI, a powerful combination of life skills, leadership training, mentoring and financial support designed to increase the academic success of low-income students.
Awarded \$5,000 One-time	A new grant to support a professional development fellowship for undocumented women. The program will consist of five fellowships and each student will receive a stipend of \$1,000 for their participation. This fellowship model creates an opportunity to give direct aid to students while providing them with valuable professional experience that will develop their skills and increase career awareness, thereby better preparing them for future professional and educational opportunities.

Submitted  
\$25,000
