This project is mostly focused on recruitment for the manufacturing technology program
utilize the ag ambassadors students in it's recruitment. However, it would also benefit of
agricultural instructors to participate in recruitment, too.

The Ag Ambassadors course already plans to improve recruitment efforts at local high sch
grant would improve the quality fo the recruitment, and also expand on the types of inte
the students being recruited.

A pathway coordinator would be requested to attend the five annual recruitment ac
for the three years. Their time could be compensated from this grant.
