

HOW DOES ACE WORK?

The first two weeks are spent in the Foundation Course where students learn about themselves and how to work with other students in their cohort. After the Foundation Course is over, students take one semester of courses with their cohort

Learning Communities

- x You'll take your ACE classes with the same group of students (or cohort) for the whole semester.

Interactive Learning

- x ACE instructors are going to be constantly engaging you, and asking you what you think

Wrap around Support
