Good Afternoon:

At its meeting of May 17, 2017, the CPC approved to amend its handbook. Revisions were made to the duties/responsibilities and two new sections were added that address the responsibility of members and Council recommendations/approval (voting).

It was decided in cabinet that our office would add the two sections to the handbooks. After which, the revised handbooks would get re-posted and governance council chairs would place the revised handbook as an information item at at the first council meeting in fall.

For your convenience, attached are the revised handbooks.

Please let me know if you have any questions.

Best,
Lucy
