B. Evaluation of the CI Process Implementation for the Most Recent CI Cycle

This section asks you to evaluate what was accomplished overall in the most recent cycle.

4. When was your most recent CI Cycle?

From: Fall 2016 To: Sp

8. List significant modifications that have been made or will be made to the process for the next CI cycle, stating the need for them and the specific improvement desired

➔ The data entry components for Service Area Outcome assessment data and analysis are being developed and will be implemented in the next cycle. Service area outcomes will be mapped to the college's strategic priorities. This will allow for all outcome assessment data and reports to be housed in eLumen as well as provide an opportunity to link outcome analysis to strategic planning. In addition, the O&A team is continuing to develop procedures that will encourage faculty to assess teaching and learning and to participate in discussions to support this

9. Please provide any additional comments about your process implementation.

➔ The college continues to make significant improvements in collecting data and using that data to reflect on student learning and to request appropriate resources to meet actual needs. During this past year, a special assignment position allowed the O&A team to better
